PROFILE SUMMARY

I am an experienced professional in logistics and the creative field, with expertise in supply chain management, warehouse coordination, and operational distribution. During my tenure as Biomass Coordinator and Warehouse & Packing Supervisor, I focused on improving work efficiency, accuracy in inventory management, and timely delivery.

On the creative side, I am also active as a freelancer and founder of a multimedia studio, skilled in video editing, visual design, branding, and content production using Adobe Photoshop, Illustrator, Premiere Pro, and After Effects.

This combination of technical and visual expertise allows me to deliver both operational efficiency and high creativity in every project. I am an adaptive, collaborative, and results-oriented individual, ready to contribute significantly in a dynamic work environment.
